Office of the Director
U. S. Naval Intelligence School
U. S. Naval Station
Washington 25, D. C.

Dear Captain Coleman:

Your letter of 18 June 1959 to the Director of Training, Central Intelligence Agency, has been forwarded to me and I shall be happy to address graduating class 4/58 of the integrated course in Air Intelligence, Photographic Interpretation, and Radar Target Analysis.

I have selected the "Development of Naval Photographic Intelligence" as my subject for the occasion and my remarks will be directed generally to the historical background of Navy World War II experience in the development of photographic intelligence and postwar development of Naval P. I. equipment and techniques.

Please forward any details concerning the graduation schedule directly to me. I look forward to the pleasure of seeing you and the members of your staff very soon.

Very truly yours,
